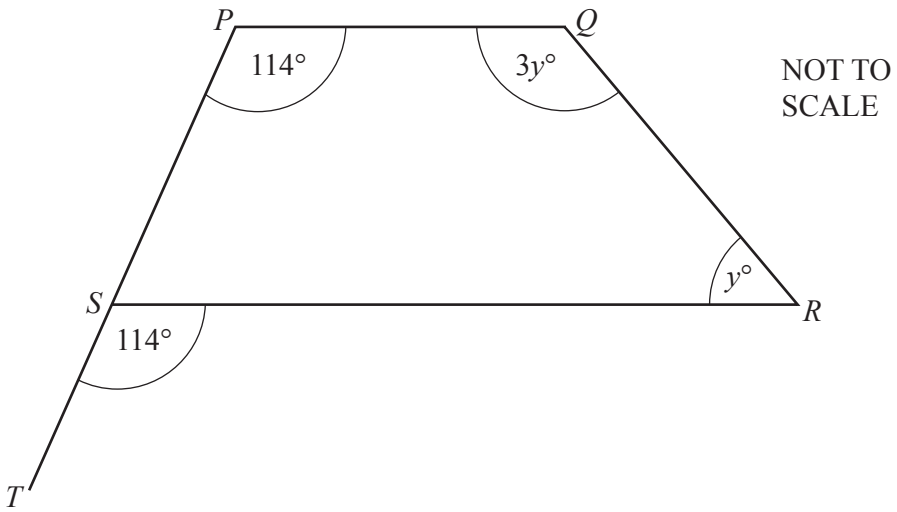
0580_w23_qp_33_Q6

6 (a)



In the diagram, *PST* is a straight line.

(i) Give the geometrical reason why the lines *PQ* and *SR* are parallel.

..... [1]

(ii) Write down the mathematical name for the shape *PQRS*.

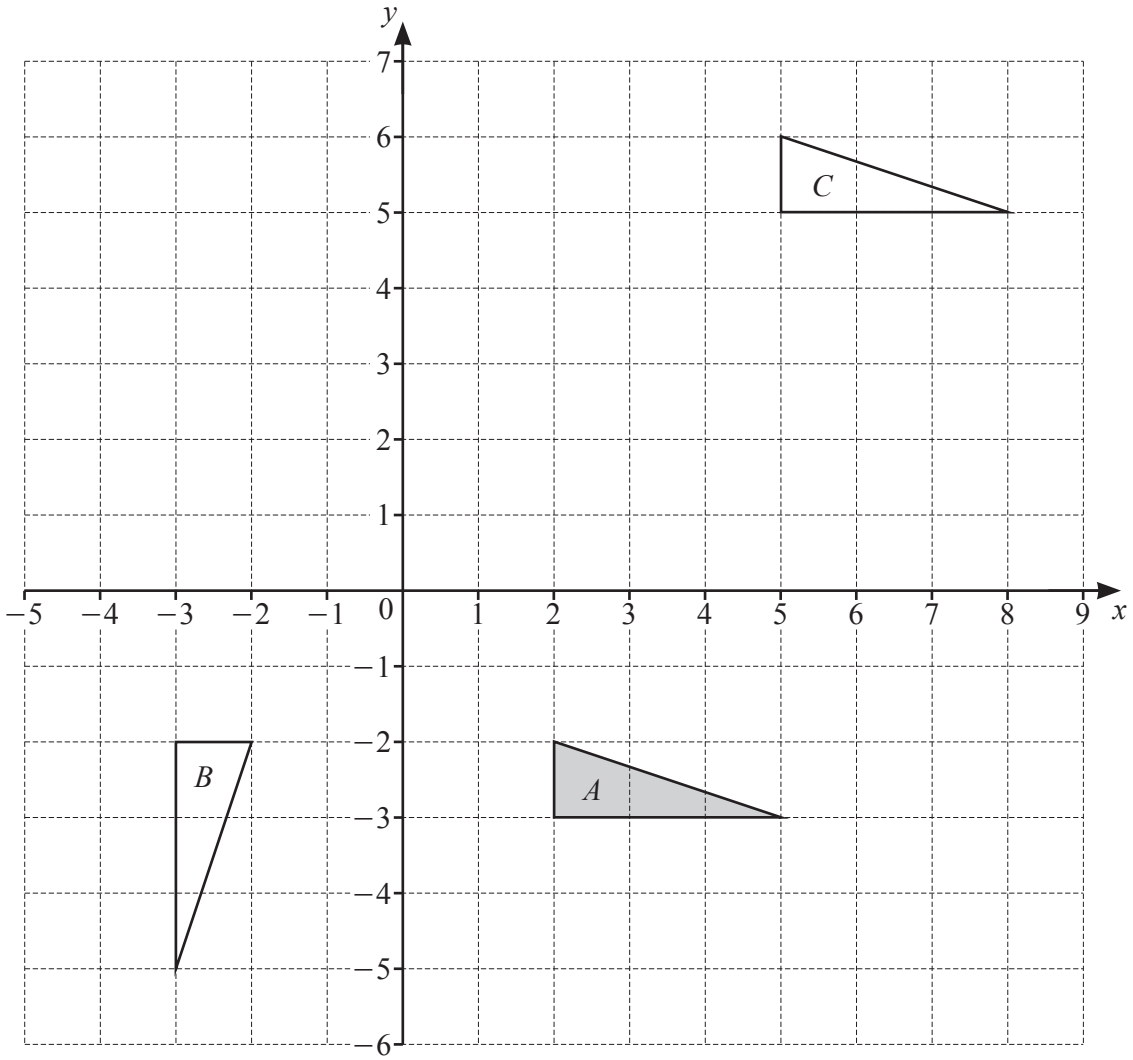
..... [1]

(iii) Find the value of y.

$y =$ ..... [2]

0580_w23_qp_33_Q6

(b)



(i) Describe fully the **single** transformation that maps triangle *A* onto triangle *B*.

.....

..... [3]

(ii) Describe fully the **single** transformation that maps triangle *A* onto triangle *C*.

.....

..... [2]

(iii) On the grid, enlarge triangle *A* by scale factor 3, centre (4, −5). [2]
